

# QUIK-PIK WRENCH RACK

*Easiest way to organize wrenches.  
Fastest way to select wrenches.*

Quik-Pik Wrench Rack organizes wrenches while the clear labeling makes sizes easy to grab and go. Patented spring tabs in each slot keep wrenches in place. Empty slots quickly show which wrenches are missing. Quik-Piks are made in U.S.A. of tough ABS plastic.

**SAE size, Part No. 5100.**

Holds 1/4, 5/16, 11/32, 3/8, 7/16, 1/2, 9/16, 5/8, 11/16, 3/4, 13/16, 7/8, and 15/16" wrenches.

**Metric size, Part No. 5200.**

Holds 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17 and 18mm sizes.

- SAE and metric sizes
  - Low profile, fits 2-inch deep toolbox drawers
  - Molded in carry handle
- Wrenches not included.*

## HANSEN UNIVERSAL WRENCH RACK

*Custom organize SAE OR METRIC wrenches*

Tough polypropylene rack has 13 pairs of wrench slots and comes with two sets of peel-off labels; one in Metric sizes 6mm through 20mm and the other in SAE sizes, 1/8-inch through 1-inch. Wrench Racks can even be customized by combining Metric and SAE sizes. Spring tabs can also be trimmed to custom fit extra thick wrenches.

**INNOVATIVE TOOLS FOR THE PROFESSIONAL IN EVERYONE**

Hansen Socket Tray For 3/8" Drive Standard Sock

**2009**

**SEE RETAIL  
DISPLAY TRAY  
INSIDE!**

## RETAIL DISPLAY BOOSTS SELLING POWER!

Display Socket Trays near the hand tools – display takes up just three square feet of shelf space – and watch 'em ring up sales! They practically sell themselves! You'll be showing and selling the industry's most popular toolbox accessory – Hansen Socket Trays.

Part No. 9910

Socket trays come in SAE and Metric sizes for 1/2", 3/8" or 1/4" drives. They're molded of rugged ABS plastic to shrug off lubricants, solvents and abuse. Display holds four trays in each of the three SAE sizes and three Metric sizes.

## ALSO AVAILABLE

### Socket Tray 'Six-Pack' Assortment

**Part No. 9200** Trial assortment includes socket trays, plus re-order tags in a shipping carton. Includes one each:

• Part No. 1401 • Part No. 1201 • Part No. 3801 • Part No. 1402 • Part No. 1202 • Part No. 3802

## HANSEN HEX/TORX TRAY

Hex/Torx Tray helps automotive technicians instantly find the socket or bit they need. Tray holds SAE hex socket sizes 1/8, 9/64, 5/32, 3/16, 7/32, 1/4, 5/16 and 3/8", Metric sizes 4, 5, 6, 7, 8, 9 and 10mm; and Torx bit sizes 27, 30, 40, 45, 47, 50, 55 and 60.

Tray is molded of tough ABS plastic to resist oil, grease and solvents. Sizes for each of the SAE, Metric and Torx sockets are pad printed in an oil and grease resistant black ink. Special end tangs on the 9-3/16" x 3-1/4" tray provide a finger hold for picking up tray in tight tool boxes.

Part No. 50000

- Keeps specialized sockets and bits in one place
- Helps technicians keep tool chests organized

## Trays designed to help anyone work faster.

Post height on 1/2" drive trays reduced to fit most tool chests

Sizes are marked on posts for instant identification

Edge tangs for easy handling

Post bases are beefed-up to hold sockets more securely

Tough ABS plastic resists gas, oil and abuse

Special features bring order to workbench chaos and help professionals and DIY mechanics work faster, better.

Trays come in SAE and Metric sizes for 1/2", 3/8" and 1/4" drives. Best selling 3/8" drive SAE and Metric trays hold sockets from 1/4" to 1" or from 6mm to 20mm. Trays are molded of rugged ABS plastic to shrug off gas, oil, bumps and hard knocks. Three SAE sizes in red and three Metric sizes in gray. Butterfly-type slot on bottom for pegboard display.

3/8" drive SAE tray features 15/16" posts for regular and deep well sockets
