

TOOL HANGING SYSTEM

- ★ High-grade polypropylene plastic for interior or exterior use
- ★ A variety of unique twist & lock hangers
- ★ Interlocking boards can be configured vertically or horizontally
- ★ From basements, garages and closets, to work benches, assembly lines and shop organization, the possibilities are endless!

The **ToolHANGER™** is a plastic organization board with twist and lock tool hangers to organize, display and hang your tools. It has six unique twist and lock hangers designed to keep tools secure and right where you need them. The **ToolHANGER™** can be hung horizontally or vertically to maximize your workspace and storage needs. Organize your garage, basement, shop or anywhere tools are needed. The organization possibilities are endless with The **ToolHANGER™**.
